A Disastrous Calamity.

PREACHERSVILLE.

Mrs. Dan Naylor, who has been sick, is some better. Mrs. Mollie Ledford is quite ill of pneumonia. Mrs. Jane Bell is at the Stanford infirmary to be treated for blindness.

Rev. Wm. Coldiron, who is teaching the Preachersville school, is giving perfect satisfaction and is liked by pupils as well as patrons. When this school term is ended he will have walked more than 600 miles. He has not missed being at his post on time although he has to cross Drake's creek where the stream is not bridged.

Wm. Curtis and family, of Walnut Flat, were guests of D. F. Thompson and wife. W. B. Bennett and family left Tuesday for Oklahoma. Our people regret to give such good citizens up. Rev. J. S. Ragan is with homefolks. J. B. Hutchins is teaching the remainder of Miss Bettie Bennett's school at Harmon's Lick.

The protracted meeting closed at the M. E. church Sunday night. There were no additions. Rev. Davidson preached some excellent sermons and is a noted evangelist, doing much missionary work in the mountains of Pulaski county. He is a member of the Soul Winner Society, which has a nice mission school at Mt. Victory, 17 miles from Somerset.

S. D. Carpenter sold a bunch of shoats to W. D. Elmore at 5¢ for Christmas delivery. F. F. Cummins sold a bunch of shoats to W. D. Elmore at \$4.30.

Hon. R. C. Warren's article in the issue of Oct. 27th gives an excellent exposition of affairs relative to our system of roads in the county. The turnpikes should be managed very differently from what they are now. When the pikes were owned and controlled by a corporation it was then we had well-kept roads and bridges which were regularly repaired and banistered. Not so now. Slowly but steadily our once famous pikes are returning to dirt roads. They are almost entirely without ditches. Overseers of dirt roads should be furnished with tools and timbers for culverts. Lincoln county has as fine natural resources for road or pike repairing as any county in the State. We fail to see any reason why all right-thinking republicans and democrats should not heartily approve of the policy advocated by Mr. Warren.

KINGSVILLE.

The sick are improving. Mrs. Dr. C. M. Thompson has a full line of fall millinery. She will go to the city soon and buy winter styles. Miss Lela Murphy has a nice line of millinery at Sarah Smith's, on Main street.

There will be services at the Christian church the 3rd Sunday in this month. A splendid Sunday school has been organized and much good is promised for the church this and the ensuing year.

The report is current that the "help-er," or hill engine, is to be again put on here. It is for the purpose of helping heavy freight trains through the tunnel and is certainly very much needed. A freight train ran into the water column here a few days since badly demolishing same. Mr. Pye, of Ludlow, was called and assisted by Mr. Wm. Lane, they soon had it repaired.

Mesdames Moppen and Skillman, of Paris and Winchester, respectively, have returned to their homes after a pleasant visit to Mr. and Mrs. G. T. Bradley. W. G. Wolf, our station agent, went to Nicholasville this week to register. Hon. Wm. S. Burch was here Tuesday and Wednesday electioneering. Messrs. T. J. Hill and W. L. McCarty were here Saturday talking election. Messrs. Smith Baughman and Jesse Lynn, of Stanford, were here Monday. Tusco Waters is at home from Texas for a visit to his mother and sisters. Postmaster J. L. Johnson has returned from Hood River, Ore., and Holden, Mo., where he visited relatives.

Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by G. L. Penny, Stanford, Lyne Bros., Crab Orchard. Price 50c.

BRONCHITIS.

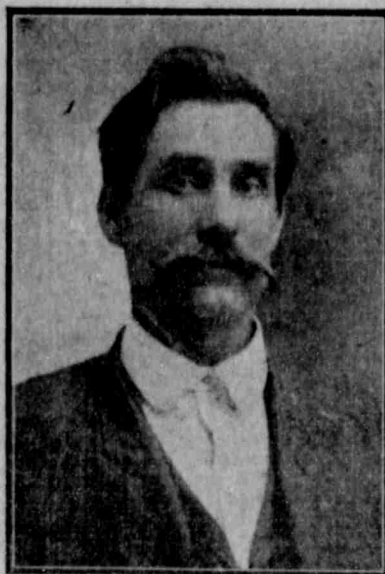

Penny's Drug Store Tells The People Quickest Means To Cure It.

Asked one day in their store the question: "What is good for bronchitis?" Mr. Penny, of Penny's Drug Store, answered: "For years old fashioned cod liver oil has been known to possess the most remarkable curative and healing properties for throat, bronchial and lung troubles of anything known to medicine, but on account of the grease which enveloped its curative principles, it has been impossible for many people to take enough of it into their systems to combat a thoroughly settled disease without clogging the system and upsetting the stomach."

"Now, however," continued Mr. Penny, "we have Vinol, which contains in a highly concentrated form all of the medical curative elements of cod liver oil actually taken from the fresh cods' livers, without a drop of oil or grease to upset the stomach and retard its work, and physicians agree that it is the greatest cure for all throat, bronchial and lung troubles known to medicine."

Miss Anna Ray writes us that after suffering for five years with bronchitis, and trying all kinds of medicines without relief, Vinol cured her, and we have hundreds of just such letters.

We wish every person suffering from chronic colds, coughs, bronchitis, and every aged, weak, or convalescent person who needs a healing, strength-creating and blood-making tonic would try Vinol on our guarantee to return the purchase money if it fails. Penny's Drug Store.

To The Voters Of Waynesburg Magisterial District.

The democracy of this district have entrusted me with the nomination for the office of justice of the peace.

Economy toward tax payers and honesty toward every citizen, regardless of party affiliation, shall be my rule of conduct in the event of my election. The furnishing of tools by the county court for working dirt roads is a wise measure, and was first suggested by a democratic Legislature and enacted as a law by the same body. As a member of the fiscal court, I would use every legitimate means which would not lead to extravagance and wastefulness of county revenues to place all dirt roads in the best possible condition; and in the administration of my office would oppose excessive taxation in every form.
